

CONVERT™ ImmPower™ TBC

MADE WITH TRUE BOVINE COLOSTRUM™

FOR OPTIMAL CALF HEALTH AND PERFORMANCE

CONVERT™ ImmPower™ TBC is a source of True Bovine Colostrum™ that incorporates both low temperature (100-110°F) and excellent mixing to reduce clogged nipples and/or tube feeders. Convert ImmPower TBC is a highly available source of immunity (Colostrum Ig) and CONVERT to protect the calf from environmental challenges. It is recommended that CONVERT ImmPower TBC be fed within two hours of birth to maximize absorption. Due to decreasing efficiency of absorption over the first 24 hours, it is recommended that you feed the maximum desired level of CONVERT ImmPower TBC for the first feeding, then solely whole milk or milk replacer from the second feeding forward. It is also recommended to fortify the calf's milk with CONVERT Ranch Pack through 21 days of age. All colostrum used in the manufacturing of CONVERT ImmPower TBC is sourced from licensed, grade "A" dairies of U.S. origin.

RESEARCH:

- Studies of Prevention of Failure of Passive Transfer in Neonatal Calves
- Studies of K99 Escherichia coli Challenge in Neonatal Calves

DIRECTIONS:

Mixing Directions: Use 100-110°F Water

If your target Colostral Ig level is:

100 gram

100 gram

120 gram

140 gram

160 gram

200 gram

Mix:

Single Dose pkg. (500grams) ImmPower TBC plus 2 quarts water

Bulk Concentrate (measuring scoop is included)

500 grams (5 scoops) ImmPower TBC plus 2 quarts water

600 grams (6 scoops) ImmPower TBC plus 2.5 quarts water

700 grams (7 scoops) ImmPower TBC plus 2.75 quarts water

800 grams (8 scoops) ImmPower TBC plus 3.25 quarts water

1000 grams (10 scoops) ImmPower TBC plus 4 quarts water

PACKAGING:

CONVERT ImmPower TBC #3300 (single dose) – 500 gm foil packs – packaged 12 per case

CONVERT ImmPower TBC #3350 (bulk concentrate) – 26.4 lb (12 kg) pail

(equivalent to 24 doses at 100g Colostral Ig/16 doses at 150g Ig/12 doses at 200g Ig)

STABILITY:

Stable for three years. Store in cool, dry place. Use reconstituted product immediately - do not store.

INGREDIENTS:

Dried milk feed grade, Coconut oil, Whey powder, Polyethylene glycol, Glycerine, Dried egg product, Vitamin E supplement, Iron sulfate, Zinc sulfate, Choline chloride, Vitamin A acetate, D-calcium pantothenate, Manganese sulfate, Calcium carbonate, Ascorbic acid, Niacin supplement, Anhydrous dicalcium phosphate, Magnesium oxide, Riboflavin supplement, Sodium chloride, Vitamin D3 supplement, Ethylenediamine dihydroxide, Pyridoxine hydrochloride, Thiamine mononitrate, Vitamin B12 supplement, Menadione sodium bisulfate complex, Sodium selenite, Cobalt sulfate, Folic acid, Mineral oil, Flavor.

GUARANTEED ANALYSIS:

Based upon Colostral Ig 100 grams (500 gram feeding)

Crude Protein (Min) 40%

Calcium (Max) 1%

ADF (Max) 2%

Crude Fat (Min) 20%

Calcium (Min) 0.1%

Vitamin A (Min) 2,000 IU/lb

Crude Fiber (Max) 2%

Selenium (Min) 0.1ppm
