

## COBA/Select Sires Opportunity

Position: Distributor/Independent Contractor Technician, Erath County, TX  
COBA/Select Sires, Inc.  
Columbus, Ohio

COBA/Select Sires, Inc. is a farmer owned and directed cooperative that provides superior dairy and beef genetics, reproductive products and services to benefit its member-owner-customers. The cooperative serves producers in seven states, in addition to the country of Mexico. COBA/Select Sires employs over ninety sales and service professionals. COBA is a founding member-owner of the federated cooperative: Select Sires Inc., Plain City, Ohio.

The Distributor/Independent Contractor (DIST) is responsible for artificial insemination and a broad spectrum of reproductive management services to dairy clients/customers. The primary focus of this role is to further the reproductive efficiency and genetic development of the client's/customer's herd via artificial insemination. Additional duties include promotion of COBA/Select Sires brand and company product, while working with client/customer to establish a reproductive program that may include heat detection, synchronization program and record keeping for that dairy.

Successful candidate must:

- Highly skilled at artificial insemination
- Strong knowledge base in reproductive and genetic programs and information
- Be organized, detail oriented and self-starting
- Work well with the client/customers
- Respectfully manage and be responsible for inventory of semen and products
- Possess good communications skills: written, verbal and computer
- Able to take direction well and work under deadlines
- Communicate, serve and coordinate with COBA staff
- Willing to do whatever necessary for the good of the organization

Background in dairy operations, reproduction, and cooperatives structures a plus.

The position is contractual for the designated herds in Erath County, TX.
