

CAN YOUR BULL GET MORE THAN
HALF OF YOUR COWS PREGNANT
ON THE FIRST DAY OF BREEDING SEASON?

HE CAN'T BUT
WE CAN!

IT'S TIME TO A.I.
CONTACT SELECT SIRES TODAY TO...

- **Increase Pregnancy Rates**
Give your females more chances to conceive.
- **Increase Weaning Weights**
Early-born calves are heavier at weaning.
- **Use Predictable Genetics**
High accuracy bulls allow you to hit your target.
- **Improve Uniformity**
Same age, weight and color calves are worth more.
- **Increase Cow Productivity**
Early-born heifers have higher lifetime profitability.
